EN

Dear participants, esteemed judges, organisers and friends of the international search and rescue dog community,

since its foundation in 1993, the International Search and Rescue Dog Organisation (IRO) has grown into a global network founded on expertise, experience, and a profound dedication to search and rescue dog work. For the past thirty years, the IRO World Championship has embodied this international spirit, characterised by collaboration, genuine camaraderie, and outstanding accomplishments by humans and dogs alike. The IRO World Championship is much more than just a sporting competition. It unites the values that have always characterised our work: trust, precision, teamwork, and a commitment to achieving excellence together. Search and rescue dog sports provide an essential foundation for operational quality and mission readiness. Many successful sports teams demonstrate their capabilities in real deployment situations, and experienced operational teams regularly rank among the top performers in international competitions. This close connection is what makes search and rescue dog

Liebe Teilnehmer, geschätzte Leistungsrichter, Veranstalter und Freunde des internationalen Rettungshundewesens,

seit ihrer Gründung im Jahr 1993 hat sich die Internationale Rettungshunde Organisation (IRO) zu einem weltweiten Netzwerk entwickelt, das für Kompetenz, Erfahrung und Leidenschaft im Rettungshundewesen steht. Seit dreißig Jahren spiegeln die IRO Weltmeisterschaften diesen internationalen Geist wider, der von Zusammenarbeit, gelebter Kameradschaft und außergewöhnlichen Leistungen von Mensch und Hund geprägt ist. Die IRO Weltmeisterschaft ist weit mehr als nur ein sportlicher Wettbewerb. Sie vereint die Werte, die unsere Arbeit seit jeher prägen: Vertrauen, Präzision, Teamarbeit und die Bereitschaft, gemeinsam Höchstleistungen zu erbringen. Der Rettungshundesport bildet dabei eine wesentliche Grundlage für Qualität und Einsatzfähigkeit. Viele erfolgreiche Sportteams beweisen ihre Kompetenz auch im realen Einsatzgeschehen, während erfahrene Einsatzteams regelmäßig an der Spitze internationaler Wettbewerbe stehen. Cari partecipanti, stimati giudici, organizzatori e amici della comunità internazionale dei cani da ricerca e soccorso,

dalla sua fondazione nel 1993, l'Organizzazione Internazionale dei Cani da Soccorso (IRO) è cresciuta fino a diventare una rete globale fondata sulla competenza, sull'esperienza e su una profonda dedizione al lavoro con i cani da ricerca e soccorso. Negli ultimi trent'anni, il Campionato mondiale IRO ha incarnato questo spirito internazionale, caratterizzato dalla collaborazione, da un'autentica solidarietà e dagli straordinari risultati conseguiti insieme da persone e cani. Il Campionato mondiale IRO è molto più di una semplice competizione sportiva. Riunisce i valori che da sempre contraddistinguono il nostro lavoro: fiducia, precisione, lavoro di squadra e impegno a raggiungere insieme l'eccellenza. Lo sport dei cani da ricerca e soccorso costituisce una base essenziale per la qualità operativa e la preparazione agli interventi. Molti binomi di successo in ambito sportivo dimostrano le proprie capacità anche in situazioni operative reali, mentre squadre operative esperte si classificano regolarmente tra i migliori nelle

sport within the IRO so unique. The IRO's roots date back to the 1988 earthquake mission in Armenia. This experience led to the formation of an organisation that is now recognised worldwide for setting the highest standards in the training of search and rescue dog teams, judges, trainers and classifiers. Over the decades, our member organisations have contributed their expertise and experience from both the sport and operational deployment sides, playing a decisive role in shaping the IRO's development and professional competence.

I would therefore like to express my sincere thanks to all the organisers, volunteers, judges, handlers and member organisations whose commitment and dedication make this World Championship possible and bring our shared mission to life. Sport is a universal language. Borders lose their importance when people share the same passion and work together towards a common goal. So let us mark the 30th IRO World Championship for what it truly is: an international gathering defined by friendship, fair competition, and the special connection between humans and dogs.

With kind regards

Rettungshundesport innerhalb der IRO so besonders.

Die Wurzeln der IRO reichen bis zum Erdbebeneinsatz von 1988 in Armenien zurück. Aus dieser Erfahrung heraus entstand eine Organisation, die heute weltweit für höchste Standards in der Ausbildung von Rettungshundeteams, Richtern, Trainern und Einsatzbeurteilern steht. Über Jahrzehnte hinweg haben unsere Mitgliedsorganisationen ihr Wissen aus Sport und Einsatz eingebracht und damit die Entwicklung und Fachkompetenz der IRO entscheidend geprägt. Mein besonderer Dank gilt daher allen Veranstaltern, Helfern, Leistungsrichtern, Hundeführern sowie unseren Mitgliedsorganisationen, die mit ihrem Engagement diese Weltmeisterschaft möglich machen und unsere gemeinsame Mission mit Leben erfüllen.

Der Sport spricht eine Sprache, die überall verstanden wird. Grenzen verlieren an Bedeutung, wenn Menschen dieselbe Leidenschaft teilen und gemeinsam auf ein Ziel hinarbeiten. Lassen Sie uns daher diese 30. IRO Weltmeisterschaft als das feiern, was sie ist: ein internationales Fest der Freundschaft, des fairen Wettkampfs und der besonderen Verbindung zwischen Mensch und Hund.

Mit herzlichen Grüßen

competizioni internazionali. È proprio questo stretto legame a rendere così unico lo sport dei cani da ricerca e soccorso all'interno dell'IRO.

Le radici dell'IRO risalgono alla missione di soccorso successiva al terremoto che colpì l'Armenia nel 1988. Quell'esperienza portò alla costituzione di un'organizzazione oggi riconosciuta in tutto il mondo per la definizione dei più elevati standard nella formazione dei binomi da ricerca e soccorso, dei giudici, dei formatori e dei valutatori. Nel corso dei decenni, le nostre organizzazioni aderenti hanno messo a disposizione competenze ed esperienze maturate sia nello sport sia negli interventi operativi, svolgendo un ruolo decisivo nello sviluppo dell'IRO e della sua professionalità.

Desidero pertanto esprimere il mio più sincero ringraziamento a tutti gli organizzatori, volontari, giudici, conduttori e alle organizzazioni aderenti, il cui impegno e la cui dedizione rendono possibile questo Campionato mondiale e danno vita alla nostra missione comune.

Lo sport è un linguaggio universale. I confini perdono importanza quando le persone condividono la stessa passione e lavorano insieme verso un obiettivo comune. Celebriamo dunque il 30° Campionato mondiale IRO per ciò che è veramente: un incontro internazionale all'insegna dell'amicizia, della leale competizione e dello speciale legame tra persone e cani.

Cordiali saluti

Entry Requirements for Italy

Italy is a member of the European Union and the Schengen Area. EU, EEA and Swiss citizens may enter with a valid passport or national identity card. Nationals of other countries may require a visa depending on their nationality and length of stay. Participants should check the official Italian visa portal well in advance: vistoperitalia.esteri.it.

03

Currency

Italy's official currency is the euro (EUR). Credit and debit cards are widely accepted, and ATMs are readily available. However, it is advisable to carry some cash, as smaller businesses or specific services may not accept cards.

04

Veterinary Requirements

Dogs travelling from an EU country must be identified by microchip, have a valid rabies vaccination and be accompanied by a valid EU pet passport. For a primary rabies vaccination, at least 21 days must normally have elapsed before travel. Dogs entering from a non-EU country generally require an EU animal health certificate issued by an official veterinarian no more than 10 days before arrival; depending on the country of origin, a rabies antibody titration test may also be required. Participants are responsible for checking the rules applicable to their country of departure well in advance.

05

Road Information

In Italy, vehicles drive on the right. Seat belts are compulsory for all occupants. Most motorways are toll roads; tolls can usually be paid in cash, by card or through an authorised electronic toll system such as Telepass. In towns, pay attention to parking signs, coloured parking bays and restricted traffic zones (ZTL).

06

Safety Information

Italy is generally a safe destination, but normal travel precautions should be observed, particularly in crowded areas and when leaving valuables in vehicles. In any emergency, call the single European emergency number 112.

Il catalogo sarà fornito in formato digitale. I numeri di gara verranno assegnati durante il sorteggio e dovranno essere esposti in modo chiaramente visibile durante le competizioni e le sessioni ufficiali di allenamento.

02

Requisiti per l'ingresso in Italia

L'Italia è membro dell'Unione Europea e dell'area Schengen. I cittadini dell'UE, dello Spazio economico europeo e della Svizzera possono entrare con un passaporto o una carta d'identità nazionale in corso di validità. I cittadini di altri Paesi potrebbero avere bisogno di un visto, a seconda della nazionalità e della durata del soggiorno. Si raccomanda di verificare con largo anticipo i requisiti sul portale ufficiale italiano: vistoperitalia.esteri.it.

03

Valuta

La valuta ufficiale dell'Italia è l'euro (EUR). Le carte di credito e di debito sono ampiamente accettate e gli sportelli automatici sono facilmente reperibili. È comunque consigliabile avere con sé una piccola somma in contanti, perché alcuni esercizi minori o servizi specifici potrebbero non accettare pagamenti elettronici.

04

Regole veterinarie

I cani provenienti da un Paese dell'UE devono essere identificati tramite microchip, avere una vaccinazione antirabbica valida ed essere accompagnati da un passaporto europeo per animali da compagnia in corso di validità. In caso di prima vaccinazione antirabbica devono normalmente trascorrere almeno 21 giorni prima del viaggio. Per i cani provenienti da Paesi extra-UE è generalmente richiesto un certificato sanitario UE rilasciato da un veterinario ufficiale non più di 10 giorni prima dell'arrivo; a seconda del Paese di provenienza può essere necessaria anche la titolazione degli anticorpi contro la rabbia. Ogni partecipante è responsabile della verifica anticipata dei requisiti applicabili al proprio Paese di partenza.

05

Informazioni stradali

In Italia si circola tenendo la destra. L'uso delle cinture di sicurezza è obbligatorio per tutti gli occupanti del veicolo. La maggior parte delle autostrade è soggetta a pedaggio, generalmente pagabile in contanti, con carta o mediante un sistema elettronico autorizzato come Telepass. Nei centri abitati prestare attenzione alla segnaletica, ai colori degli stalli di sosta e alle zone a traffico limitato (ZTL).

06

Informazioni sulla sicurezza

L'Italia è generalmente considerata una destinazione sicura, ma è opportuno adottare le normali precauzioni di viaggio, soprattutto nei luoghi affollati e quando si lasciano oggetti di valore nei veicoli. In caso di emergenza, comporre il numero unico europeo 112.
